ORTMAN CHIROPRACTIC CLINIC

Natural. Trustworthy. Effective.

Our clinic has been focused on those three words. This is our response to "Why the Ortman Clinic?". You can always count on us to be there when you need us. We work every holiday, except Christmas, and work Thursdays until 6:30 pm. The clinic being here for 106 years is a testimony in itself. The Ortman Technique is effective and keeps patients coming back. You can only get this trademarked technique at the Ortman Clinic. Nowhere else in the world. The Ortman Technique is highly sought after to learn, and only doctors of the Ortman Clinic have had the opportunity to learn it. We might even mention the tens of thousands of patients that come here every year. So why the Ortman Clinic?

Natural. Trustworthy. Effective.

“

I've been coming to this clinic since 1972, having had over 200 treatments. I would highly recommend the Ortman Clinic. I want to help keep spreading the word of how great this place is.

HERITAGE, LEGACY, AND HISTORY

The Ortman Clinic has been blessed by the legacy and heritage that Dr. Amon Ortman, also called Grandpa Doc, gave us starting in about 1915. Over the years the name Ortman has become synonymous with the tradition of compassionate chiropractic care and our name reminds me that God knows all of us by name.

I feel blessed that since 1977 I have been part of this tradition and history of chiropractic care at the Ortman Clinic. In the time since I announced that my retirement date is January 28, 2022, I have reflected over those years and have many thoughts and memories. One reality is that there would be no heritage, legacy, or history without you, our VIPs (Very Important Patients).

You have entrusted us with your healthcare and we take that very seriously. Thank you for your confidence and faith in us. We also know that most of you have encouraged other people to come to the Ortman Clinic and we really appreciate that.

Retirement will be a big change for me. I had surgery and spent five days in the hospital last year, and that helped me make the decision to retire. I am healed and healthy and did not catch the coronavirus. I am getting older and my memory recall is not as fast as it once was. Just yesterday I walked into the next room and remembered why I was there. Of course, it was the bathroom.

The hardest part of retirement will be not seeing all of you wonderful folks. We will do some traveling. (Keep your coffee pot on.) I will also have more time to follow through on more faith-based ministries, so my emphasis will concentrate on spiritual health for our brothers and sisters in Christ.

Katie and I will miss you!

in HIS service,
Dr Ivan Ortman

ATTENTION: Medicare patients and ALL patients

Since 1972, Medicare has accepted chiropractic services, spinal manipulation only. Other services such as exams, X-rays and therapies are not covered. There has been very little, if even any change since. Thankfully there has been a bill introduced to the House of Representatives, H.R. 2654, to make changes and improvements for better coverage for Medicare patients. The goal is to get full coverage for treatments, exams, therapies, X-rays and other uncovered services.

Help us to get this bill passed!

Fill out the form and scroll to the bottom and click "send message"

If you do not have email, call (202) 224-3121 and tell them to "Co-sponsor HR2654"

CONGRATULATIONS,
DR. IVAN!

Dr. Ivan was awarded the Golden Service Award for 2021 by the South Dakota Chiropractic Association.

Big News at the Ortman Hotel!

Dawn Becker has decided to retire from the Ortman Hotel, where she has worked for almost 3 years. It would be odd if you didn't know who she was after a stay at the hotel because she was always having fun with people in the lobby. She cared for a lot of patients; making sure they were happy and enjoyed their stay. Dawn helped nurture the Ortman Hotel back to life after a year or so of it being in disarray, which she did with great ease. She recently started playing Bingo with patients every Tuesday and Thursday. Her "Dawn" touch on it only ensured even more that our patients had a blast. We will all forever remember her yelling into that microphone.

Unfortunately, due to health concerns Dawn made the decision that it was best to hand the torch to Ashley Northern. She said patients can swing by her house anytime and say hello because she will be missing them very much. We can't thank her enough for what she has done for the Ortman Hotel and for the Ortman Clinic's patients. She will be extremely missed.

Thank you for everything you have done, Dawn!

We would like to introduce Ashley Northern as the new Manager at the Ortman Hotel.

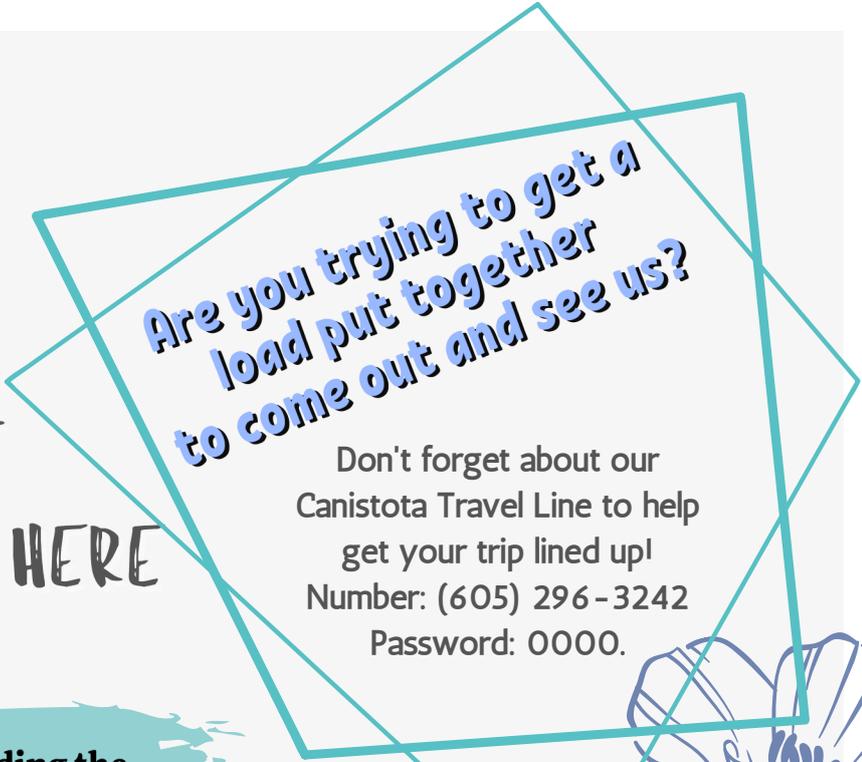

Some of you might remember her as she worked for the Ortman Clinic for a couple years. When you come in to stay you will be welcomed by her warm smile. She is very ambitious on different projects to better the hotel and patient experience. Ashley has been excellent getting guests whatever they need to make their stay enjoyable. She has a background in hotel management and is not afraid to get her hands dirty. Ashley and her husband, Jesse, welcomed a new baby boy named Luka in March. A top priority for

Ashley will be to continue to develop relationships with her guests. Next time you stay at the Ortman Hotel make sure to say hi to her! We are so excited for the next chapter at the Ortman Hotel.

ICE CREAM SOCIALS

Last year we decided to start having ice cream socials the first Tuesday of every month, starting in May going through September. Boy, oh, boy! It was so fun getting to know our patients that were here for that week and watch the many matches of cornhole going on. If you are out here over the time we are having a social, stop over to the clinic parking lot from 4 - 5 pm for some ice cream, cornhole and great fun for everyone! Our remaining dates for this year are: July 6th, August 3rd, and September 7th!

Share Your Story

Remember how you felt when you walked through our door? Maybe you were at your wits end, tired of seeking answers to a health problem that wouldn't go away. Maybe you believed you would never feel good again.

Our doctors have successfully treated a wide variety of conditions originating in the spine, joints, and surrounding muscles and nerves. Conditions we have treated include back and neck pain, migraines, sciatica, pinched nerves and fibromyalgia - to name a few. Patients usually report relief from pain within a few days of their treatment. Specific conditions may require physiotherapies, supportive services or co-management with your medical doctor.

Using the Ortman Technique, our doctors help return proper nervous system function to promote natural healing. We have received countless testimonials from patients throughout the 100 years who returned to their desired health. Do you have a success story with us? If you would like to share your story, speak with a staff member at your next appointment to find out how!
